Enjoy Dim Sum lunch at the famous Lvbolang Restaurant. After lunch, free time to shop before we visit the Shanghai Museum, with its

renowned collection of Chinese relics. The scope, depth and quality of its collections, and the striking architecture and use of modern technology make the Shanghai Museum one of the most famous, if not the most famous, in China. We next visit a Children’s Palace, one of the schools developed for truly gifted children. A special performance will be arranged at Children’s Palace for Probus Club travelers. Dinner at local restaurant followed by an astonishing Chinese acrobatic performance at the Theatre of Portman Shanghai Centre. (Breakfast, lunch and dinner)

Day 4/ May 14 Shanghai - Suzhou - Shanghai

After breakfast, enjoy a full day tour to Suzhou (the Oriental Venice) where popular Chinese legend states that, “In heaven there is paradise, and on earth there are Hangzhou and Suzhou”. Start with the highlight of your Suzhou tour, a Grand Canal Cruise, followed by a visit to the Panmen Gate. With a history of 2,500 years, this city gate is the most completely preserved part of the ruins of the ancient city of Suzhou. Inside the gate are the Auspicious Light Pagoda and Women Bridge, which, with the gate, make up the “Three Sights at the Panmen Gates”. Your Suzhou flavour Dim Sum lunch will be served at Bamboo Grove Hotel. This afternoon, visit the Garden of Master-of-nets (a UNESCO Heritage site) which is among the finest Classical Chinese garden designs which recreates the natural Chinese landscapes in miniature. This is the smallest, yet the most delicate landscape garden in Suzhou city. This evening enjoy a western set dinner at a local restaurant upon our return to Shanghai. If time permits this evening, stroll along the wide riverside promenade of the Bund where lights add to the happy atmosphere. (Breakfast, lunch and dinner)

Day 6/May 16 Yangtze River Cruise

This morning, visit the Three Gorges Dam Site, the largest of its kind in the world at 2,335 meters long and 185 meters high. This dam created a lake 1000 kilometers long. This huge dam was built for flood control, generation of electricity, and to aid with navigation and irrigation. Our ship sails through the Three Gorges ship locks, and into one of nature's most extraordinary sculptures carved along the Yangtze River, the Xiling Gorge. This is the longest and deepest of the Three Gorges. Private Probus Club cocktail party onboard the ship tonight. (Breakfast, lunch and dinner)

Day 7/May 17 Yangtze River Cruise

Today, we disembark at Wushan to explore the Three Small Gorges on the Daning River, a world where natural scenic wonders unfold on both banks with magnificent scenery, from sheer cliffs to jagged mountain peaks and sparkling waterfalls,

and terraced landscapes. The Three Small Gorges are frequently considered to be the highlight of the cruise. The river winds its way 33 kilometers (20 miles) through the beautiful Lesser Gorges; where birds singing and monkeys chattering can sometimes be seen from both banks. The water is strikingly clear in contrast to the Yangtze. In the Misty Gorge, a 2,000 year old "hanging" coffin can be seen suspended on a precipice high up on the cliff-face. At one time hundreds of these coffins could be seen throughout the Three Gorges and the Daning River, suspended from seemingly inaccessible areas on the cliff-side. The ship will pass through Wu Gorge known for its quiet beauty and Qutang Gorge, the shortest, narrowest and most spectacular of the gorges, with cliffs rising to heights of one thousand meters from the water's edge. (Breakfast, lunch and dinner)

Day 8/May 18 Yangtze River Cruise

This morning we visit the "Ghost City" of Fengdu. A plethora of demon-decorated temples, buildings and statues in this river town earned it the moniker "Ghost City" – the carved facades are truly fascinating. Having a history of nearly 2,000 years, Fengdu County has formed a special culture of ghosts and the afterlife. Well known as the resting place of the spirit of the dead, Fengdu is now the most characteristic and reputed historic and cultural town in China. We take the cable car up to the city and here you can view the new relocation village, built for families who have moved as a result of the Yangtze's rising waters brought about by the Three Gorges Dam. This afternoon, relax on board and enjoy the passing scenery. (Breakfast, lunch and dinner)

Day 9/ May 19 Chongqing - Chengdu Disembarkation

In Chongqing, we explore this historic and picturesque mountain city that clings to steep cliffs located where the Yangtze and Jialing Rivers converge. This morning, we will visit People's Hall. Watch local people perform Tai Chi or dance on

The research center has been created to imitate the pandas’ natural habitat in order that they might have the best possible environment for rearing and breeding. Lectures on pandas will be given by a professional especially for the Probus Club. You will even have the once in a lifetime opportunity to hold the pandas and to have your picture taken. (Cost of photo not included in the tour cost) Enjoy a tasty hot pot dinner tonight, a local specialty and spiced to order. (Breakfast, lunch and dinner)

Day 20/ May 30 Beijing

A free morning before we depart for a picture stop at the 2008 Olympic Village's site, the Bird's Nest and the Water Cube. We enjoy lunch on our way to the perhaps the highlight of our tour, the Great Wall, one of the "Eight Wonders of the World" and UNESCO World Heritage site, that can be seen from space. Looking like a gigantic dragon, the Great Wall was built 2,000 years ago during the Qin Dynasty (221-207 BC), and was designed to keep out foreign invaders—in which capacity it succeeded at times and failed at others. Constructed with beacon

towers, it also served as an enemy alert system by using smoke systems to warn of approaching enemies. In peacetime, the Wall has proved useful as a highway, transporting people and supplies over large distances. The Great Wall once stretched 4,000 miles across China's barren northern terrain from the Bohai Sea to the Gobi Desert. We drive north to a village where the Great Wall is well preserved. Walk along the wall and enjoy sweeping vistas of this mammoth fortress. As a spectacular finish to our tour, we have an unforgettable Probus Gala Farewell Dinner ON the Great Wall with unlimited drinks, beer and wine. (Breakfast, lunch and farewell dinner on Great Wall of China)

PASSPORTS AND VISAS: Your passport must be valid until six (6) months from the date of departure at last destination. The cost for your Visa for China and Visa for Tibet are included in your tour cost. It is imperative that everyone know that to get the process is such that we have to have your passports in hand to do first the visa for China and then the visa for Tibet. This process will take at least two weeks. We must have your passports in our office by March 18, 2013. We would then return them to you at the meeting to hand out final documents that will take place one month prior to our departure so around April 4. We realize some of you may be travelling and if you move outside this period and need to have these visas issued individually on earlier basis, additional cost of \$50 additional cost applies. Anyone moving to later timeframe is \$150 per person additional cost. We strongly suggest that it is much better to facilitate the above date of March 18 – April 4 to be without a passport as this is a group process.

AIR CREDIT and FLIGHT PATTERN: Applies for the flight from Toronto to Shanghai and Beijing to Toronto. All flights within China are still part of the tour cost. Other gateway cities across Canada are available upon request and add-on fares apply. This saves you quite a lot of money as you do not pay domestic taxes and fares for add-ons are much lower than regular computer fares.

DEVIATION FEE: If you wish to alter your air arrangements and extend your stay, deviation fee of \$200 per person applies plus any additional charges for airfare. We are using Air Canada non-stop service to Shanghai and out of Beijing so you can collect points for this routing. If you wish to have a stopover on the return in Hong Kong, then we would move you to Cathay Pacific Airways.
